SCHOOL BOARD MEETING

Reward Offered To Halt Break-ins

Regular meeting of the Board of the Stony Plain School Division was held in the Divisional Office on Tuesday, August 30th.

REWARD OFFERED

It was moved and carried that the Board offer a reward of \$100 for information leading to the arrest and conviction of any person or persons involved in breaking into School Board property and notice of the offering of the reward be suitably displayed in the schools; and that the reward apply to previous break-ins.

The following applications were received for the Schlichenmayer bus route. Harry E. Holland, Ed Yanke, William M. Wichware, Arthur Earl, Joe Leskie. Moved by Mr. Wm. Barth that Harry E. Holland be awarded the Schlichenmayer bus route and that the bus be sold to him for \$4,379.00.

It was brought up that at Spruce Grove thirteen classrooms will be required but there are only 12 available. An extra classroom would be necessary for school opening.

It was moved and carried that the portable school from Wabamun be moved to Spruce Grove.

TRANSFER OF LAND

A letter was received from the Department of Education advising that a petition was received requesting the transfer of sections 4, 5, and 6 in township 48, range 8, west of the 5th Meridian from the Lodgepole School District to the Stony Plain School Division. The Department wanted the views of the Divisional Board in this matter.

It was moved and carried that the Department be advised that the Divisional Board has no objection to the transfer of sections 4, 5, and 6, township 48, range 8, west of the 5th meridian from the Lodgepole School District to the Stony Plain School Division No. 23.

Mr. Gavin Whiteford from the Department of Sanitary Engineering came to see the Board regarding the disposal fields at Keephills and at

Tomahawk. He had inspected the field at Keephills several weeks ago. He discussed the faults of the field with the Board and presented his recommendations.

It was moved and carried that the resignation of Mrs. Lily Mayhew as secretary in Drayton Valley be accepted.

SUPERINTENDENT'S REPORT

Mr. F. Hannonchko, the Superintendent, reported that during the second last week of August he attended a Math Seminar in Calgary.

He further reported on Departmental Examination results which he thought compared quite well with provincial averages.

Centennial Plans Discussed By Chamber Executive

At a breakfast meeting of the executive of the Drayton Valley and District Chamber of Commerce held Thursday in the Cardium Room of the Drayton Valley Hotel, Ray Wickens, chairman of the Centennial Committee brought the group up-to-date on the Centennial activities in the community.

Mr. Wickens stated that the Voyageur Canoe Pageant is one of the first items that must be settled and that Provincial Centennial Officers are studying the results of test runs made by the canoes in various parts of the country this summer.

This study is being undertaken to determine the type of participation that would be most effective by communities along the route of the cross-Canada race. Centennial officers will be in Drayton Valley for a meeting early in October when this participation will be thoroughly discussed.

It was decided that the results of Klondike Kampers Carnival held the past two years should have a bearing in plans

Canoe Club Organized

Eleven persons were on hand in the Scout Hall on Friday, September 16th for the purpose of forming a local canoe club.

Organization of the club took place and officers elected were Fred Raven, president and John Desjardins, secretary-treasurer.

Notice of the next meeting will appear in The Western Review.

Rotary Plans Auction Sale

In an effort to raise funds for community projects the Drayton Valley Rotary Club has announced plans for an auction sale to be held between 4:30 and 8:00 p.m. on Friday, September 30th. The sale will be held in the vacant lot next to The Royal Bank.

Members of the Rotary Club are now seeking donations of saleable items from town and district residents who would like to assist the club in the community work. Anyone wishing to make a donation is asked to contact either Howard Pickup, Walter Krause or Fred Raven.

The sale will be conducted by Auctioneer, Wendy Sekura.

H.S.A. Meeting Next Wednesday

It was announced by Home and School president, Bob Cowan, that the first meeting of the current school year would be held on Wednesday, September 28th at 8:30 p.m. at the Elementary School.

Mr. Cowan also indicated that, with many new teachers in our schools this year, it was the hope of the Home and School Association that as many teachers and parents as possible would be in attendance as it was planned to introduce the teaching staff of all three schools at the meeting.

Mrs. Marion Palmer is shown above accepting a plaque from Dr. J.M. Brown, Medical Officer of Health for the Edson Health Unit, for her contribution in the mental health field. Only two other persons in Alberta have received this recognition in the past. The award was made last Wednesday evening at the regular meeting of the Drayton Valley Chapter of the Alberta Association of Registered Nurses.

Outstanding Service Award Presented

On Wednesday, September 14th at the regular meeting of the Drayton Valley Chapter, Alberta Association of Registered Nurses, Marion Palmer, a member of the Nurses Association, was presented with a plaque to recognize her outstanding service in our community in the mental health field.

Awarded by the Canadian Mental Health Association, Alberta Branch, the plaque was presented on their behalf by Dr. J.M. Brown, Medical Officer of Health, Edson Health Unit. During the presentation it was mentioned that only two other people in Alberta have received this recognition.

Following the presentation, Mr. H. Smart, field supervisor of the C.M.H.A. (Alberta Branch), indicated to the 19 nurses present that his Association is primarily a "social action" group. In the past this action has included the improvement of standards of care in mental hospitals, the financial support of research programs, the provision of "half-way houses" and public education programs. Among recent projects has been the sponsoring of workshops for general medical practitioners, the purpose being to make recent developments in psychiatry available to general practitioners.

The executive and members

of the Alberta Association of Registered Nurses, Drayton Valley Chapter, have expressed their wish to give their personal commendation to Mrs. Palmer for her quiet but zealous work in the mental health field.

Klondike Committee Meeting

A meeting of the Klondike Kampers Carnival Committee will be held on Thursday, September 22nd at 8:00 p.m. in the Town Hall. This year's KKK event will be studied at the meeting.

All committee heads are urged to be present at this important meeting which is also open to the general public.

Plan Ladies Keep Fit Class

A Ladies Keep Fit Class is in the process of being organized in Drayton Valley. As yet plans have not been finalized but interested ladies are asked to contact Mrs. Pat Moore at 542-3224 for further information.

The exercises and games will be conducted by Miss Linda McMorris, who has taken a course in calisthenics instruction and who has received material for such an undertaking.

It is hoped to commence the program soon. Please watch The Western Review for further announcements.

Great salesmanship is a lot of little sales put together.

Assistants Needed For Scouts, Cubs

First meeting of the new season by the local Cub and Scout Group Committee was held in the Mobile Office on Monday, September 12th.

Major point discussed was the shortage of help for leaders of both Scouts and Cubs. Assistance is required to handle the program for the large number of boys involved.

Anyone willing to help is asked to phone either Jack Heyland at 542-3256 or Jim Orieux at 542-3627.

News Always Welcome

Summary of Regular Town Council Meeting

Bylaws 361, 368 and 369 authorizing litter control, meat inspection and traffic control were discussed by Town Council at a special meeting on August 16th and again at the regular meeting on September 8th. The by-laws were reported at the last meeting to be ready for third and final reading.

Resignation of Councillor, F.E. Thompson was received at the meeting and was the resignation of Constable E.L. Fowler from the Police Department.

Council, after discussing new provincial legislation authorizing a simple majority for plebiscites, agreed to conduct a vote on the fluoridation of the public water supply. This will be voted on in October.

Parking facilities at the West Valley Park were discussed at length and it was decided that the Recreation Board should study the area and present plan and report to Council with a possible solution to the parking problem.

Also discussed at considerable length was the problem of removing rubbish and garden trash, not properly boxed, from lanes in residential areas.

Capture it all
with
Photographs from

Jacobs Studio

Phone 542-3505
DRAYTON VALLEY, ALTA

The piling of grass clippings and other garden material in back lanes creates a problem by hindering maintenance work and is a further nuisance when it rots and creates an offensive odor.

Council was informed that no inspector is presently employed on checking lanes and that garbage collectors could not stop at all the places where such refuse is piled to shovel it into the truck. However, if material is properly boxed, there is no problem with removal.

No final decision was made but Council left the matter after discussing the possibility of obtaining an estimate for the removal of such material.

It was reported that a Centennial Committee meeting was to be held in Edmonton on September 20th. The meeting planned to discuss the Voyageur Canoe Race along with the Centennial Caravan and Train routes. Appointment of a delegate was not made at the meeting.

Further Centennial business included discussion of the purchase of a plaque to be inscribed with the names of Centennial Committee members to commemorate an efficient task performed for residents of the community. This was discussed and agreed to by all members of Council.

CHANGE IN SERVICES

The Sunday Masses at St. Anthony's Catholic Church will change to the winter schedule in October. On October 2nd and the following Sundays Mass will be held at 9:30 a.m. and 5:30 p.m. The Christian worship at Tomahawk will remain at 11:15 every Sunday.

New Books At Library

"Never Trust a Cowbird" by George Laycock arrived at the library last week and promises to be quite as amusing as the reviewers say. Quote: "Old timers get sentimental about many things that have passed from the farm scene, but you seldom hear them weep for the mule" and "Goats have lived with people for thousands of years, but people are still impressed with goats more than goats are impressed by people".

If you enjoyed Agnes Newton Keith's "Three Came Home" and "Bare Feet in the Palace" you will want to read her newest book, "Children of Allah". Mrs. Keith spent nine years in Libya, and has given her readers a detailed account of the history and customs of this country.

Lois Benjamin was a working single girl and a working wife before she became a working mother. Although widely travelled she has lived all her life in New York. In her book, "So You Want to be a Working Mother" she shows sound common sense and practicality as well as a sense of humour.

Pastor Attends Conference

Pastor G. Drawbaugh of Emmaus Lutheran Church attended the missionaries and new workers conference held at Takarra Lodge, Jasper, Alberta, on September 19th and 20th.

The purpose of the conference was to familiarize the missionaries and new pastors with the provinces in which they are working, and to acquaint them with the structure and procedures of the Alberta-British Columbia district of the Lutheran Church-Missouri Synod.

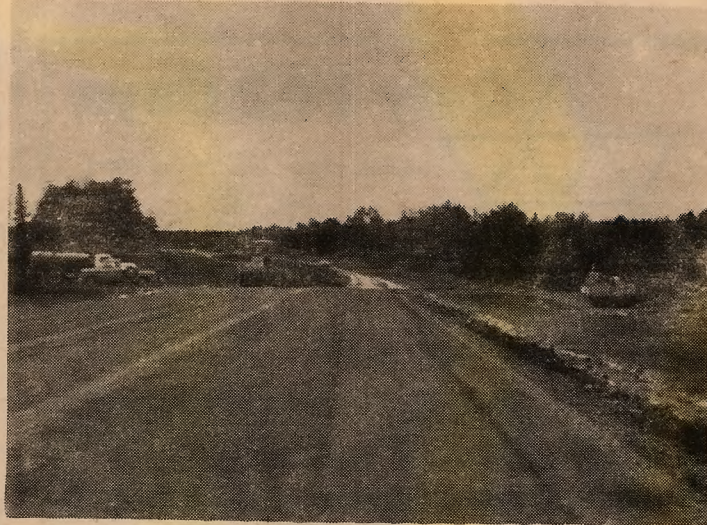

Eight new pastors and two vicars were assigned to the Alberta-British Columbia District upon the June graduation from the Lutheran Seminaries in St. Louis, Mo. and Springfield, Ill.

Centennial Lighting Decorations

Canadian General Electric Company Limited has introduced a new concept in decorative lighting of institutional, government, business and industrial buildings, as well as public thoroughfares, for the 1967 Centennial celebrations.

Called "Decorative Lighting Modulators", the Centennial designs consist of a frame of galvanized steel, complete with wiring and sockets for lighted display after dark, and trimmed with colorful vinyl garland for daytime visibility. They carry full C.S.A. approval.

Five Centennial designs are available; the Centennial symbol along or with the dates 1867-1967, in white vinyl trim; a Maple Leaf in white vinyl trim; the Canadian Flag in red and white, and the Fleur de Lis, with blue vinyl trim.

Highway Progress

Fine weather recently has given highway crews an opportunity to move ahead with the paving of Highway 57 between Drayton Valley and Alsike Corner. At the weekend a stretch of only about six miles of gravel remained to be black-topped.

PUBLIC NOTICE

PUBLIC NOTICE IS HEREBY GIVEN THAT A VOTE OF THE PROPRIETARY ELECTORS OF the Town of Drayton Valley will be held on By-Law No. 371 of the said Town of Drayton Valley.

The following is a synopsis of By-Law No. 371:

A By-Law of the Town of Drayton Valley to authorize the Council of the said Town of Drayton Valley to add fluorides to the Town water supply for the prevention of tooth decay.

A copy of this By-Law No. 371 has been posted and will be kept posted in the Town Office and may be inspected at any time during regular office hours.

Polling will take place on Wednesday, the 19th day of October, A.D., 1966 between the hours of ten o'clock in the forenoon and seven o'clock in the afternoon at the Town Hall in Drayton Valley in Alberta at street address 5149 - 51st Avenue and at legal description Lots 43 and 44 in Block 1, Plan 6533 KS in the Townsite of Drayton Valley. I will be in attendance at the Town Hall on Wednesday the 19th day of October, 1966, at eight o'clock in the afternoon to sum up the votes and declare the results.

Given under my hand and the corporate seal of the Town of Drayton Valley this 12th day of September A.D. 1966.

W.G. Johanneson,
Returning Officer.

DRAYTON VALLEY

THE ARNOLD Palmer Method

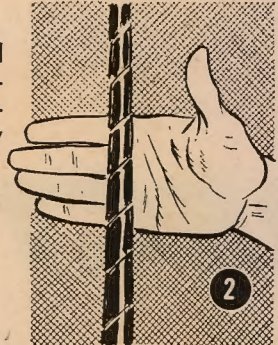

by GOLF'S 4-TIME MASTERS WINNER

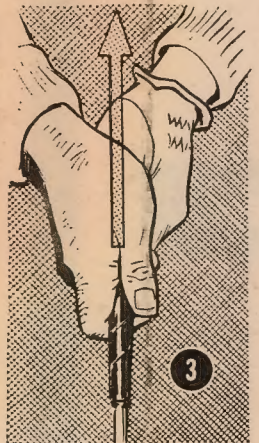

PROPER POSITIONING OF RIGHT HAND

In No. 1 we see a common grip fault that can only lead to inconsistent shot-making. The golfer has gripped the club too much in the palm of his right hand, much like a baseball player would hold the bat.

In a proper grip the club should pass across the top of all four fingers of the right hand (No. 2). It shouldn't lay against the palm.

When the right hand is closed around the club (No. 3), the "V" between the right thumb and forefinger should point approximately at your chin.

In other words, the right hand grips the club almost entirely in the fingers. Such a grip gives you maximum "feel" and control of the club. It also places the right palm in a position that more or less parallels the face of the club. This enables you to return the clubface squarely to the ball time after time.

AFTER THE BALL IS OVER

The trouble with conventions is coming back from them to face the stack of work necessary to make up for your spell of idleness. This was the prospect that made our drive home from Calgary Sunday a bleak one -- after three luxurious days in Calgary's Holiday Inn for the annual get-together of Alberta's weekly newspaper editors.

The happiest scenes on our homeward trip were the busy combines going flat out in many roadside fields. After several days of fine weather farmers of central Alberta were making the most of the opportunity of getting into the fields Sunday although they were working under generally overcast skies and we doubt that the weather later in the day was very much improved over that of our own area.

* * * *

The pleasant features of conventions are many. First the opportunity to bask in luxury with fine food and rounds of social functions at a bargain rate--appealing immensely to my Scottish strain--and the renewal of old friendships and meeting many more engaged in wresting a living in the same manner as yourself provides material for many good shoptalk sessions.

For the younger members of the Smith clan the rooftop swim pool was a prime attraction overshadowed only by the joy of living under the same roof as the Winnipeg Blue Bombers for two days. It isn't often that a young fellow gets to ride up and down elevators seven or eight times daily in the presence of Bud Grant, Kenny Ploen, Dave Raimy and others of the company.

A number of fine performers provided entertainment for the series of receptions and dinners. Prominent among these was George Stevenson who made many friends in Drayton Valley when he appeared here early last spring for the Canadian Legion's Sportsmen's Dinner.

I can't remember them all but one group that sticks in my mind was the Calgary Safety Patrol singing group. They are young people in an age group roughly from six to sixteen and perform with notable success.

The group won acclaim amongst the weekly editors and I would recommend them highly to any reader who may ever have the opportunity of hearing them.

The group has been suggested as a western contribution to "Expo 67" and appear to this writer to be more than adequate representatives of the West.

Mrs. Gladys Stec,
Correspondent.

The Sunday School meeting held at the home of Mrs. Donna Haukedal on the afternoon of September 12th, was quite well attended. It was decided that Sunday School will be held on Thursday evening, at 6:00 p.m., in the school the same as last year. Mrs. D. Haukedal was returned as superintendent for the current term.

Weekend guests at the home of Mr. and Mrs. Buster MacDonald were Mr. and Mrs. Dan Dunlop and boys.

Get well wishes are extended to Mr. Fritz Larson who is a patient in Breton hospital. Hope to see you up and home soon.

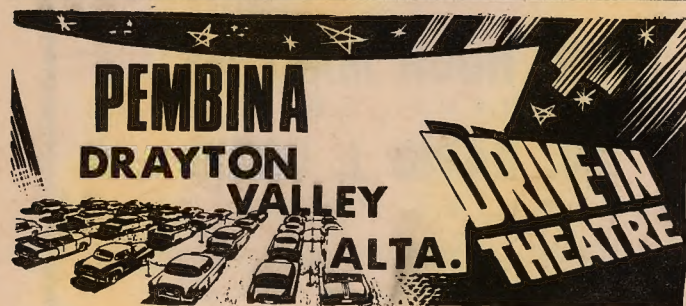

The first curling club meeting of the year was held at the hall Monday, September 12th. It was decided that they will commence work on the well and general repairs in preparation for the coming season.

I am sorry to hear that Mr. and Mrs. Lloyd Nelson's baby has been in hospital recently. Hope he is much better soon.

Mrs. Mary Smith of Calgary was a recent visitor at the home of Mr. and Mrs. Ralph Lambert.

Get well wishes are extended to Mrs. Vicky Steffensen, who spent a few days in hospital recently.

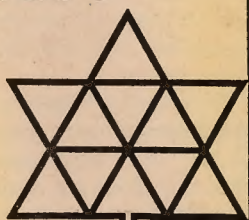

Congratulations to Mr. and Mrs. Rodney Olson (nee Joanne Sorrenson) who were married recently. The wedding took place in the Pentecostal Church at Wetaskiwin, on the afternoon of Saturday, September 10th. After the ceremony the entire wedding party went to visit the groom's grandfather, Mr. I. Wicklund. Mr. Wicklund is a patient in the Green Acres Nursing home and was unable to attend. The couple left on a honeymoon trip to Wyoming. When they return they plan to make their home in Edmonton, where Rodney is employed by Moffat Tank.

Thursday and Friday - September 29th and 30th - LORD LOVE A DUCK - 1965 was the year of the pussycat--1966 is the year of the duck.

Centennial Report

1867 | 1967

by JOHN W. FISHER
CENTENNIAL COMMISSIONER

How many Canadians do you think are at least 100 years old?

I asked a colleague at my office the other day and he took a guess at 55. Well, he was far off the mark. According to the latest figures of the Dominion Bureau of Statistics there are 684 centenarians in Canada.

I must confess that the first time I heard the DBS figure mentioned I was a little surprised too. One of the fellows in the information branch of the Centennial Commission who is a former weekly newspaper editor made a close guess. He said, "There were two centenarians, I remember in the town where I published my paper so I thought there ought to be one for every town and based the figure on the number of weekly newspapers in Canada."

The Dominion Bureau of Statistics figures are checked every month and we at the Commission are interested in these figures because next year centenarians in Canada are going to be honored by a special Centennial of Confederation scroll.

The idea of honoring Canadians as old as Confederation in 1967 is not a new one that was originated by the Centennial Commission. It was proposed by a man living in Welland, Ontario, named Walter F. Gower who, at the age of 84, is not too far from the century mark himself.

Mr. Gower, as a matter of fact, has been sending out scrolls to centenarians for some

time. He is a member of the Senior Citizen Club of Port Colborne and for some years now he has been conducting his own little project for centenarians. The community of Welland also endorsed his project.

Two years ago Mr. Gower started writing to officials at Ottawa about his idea of giving special honor to Canadians at least 100 years old during the celebration of the 100th anniversary of Confederation. The Centennial Commission has adopted Mr. Gower's suggestion and artists have been busy making rough designs for a special scroll to be presented next year.

There will be several hundred Canadians born in 1867, or before, who will be extra special people when we conduct our great celebrations next year.

Nomination NOTICE

TOWN OF DRAYTON VALLEY

Public Notice is hereby given that I will attend at the Town Administration Office, located at 5149 - 51st Avenue, in the Town of Drayton Valley on Wednesday, the twenty-eighth day of September, 1966 from eleven o'clock in the forenoon until twelve o'clock noon, for the purpose of receiving Nominations of Candidates

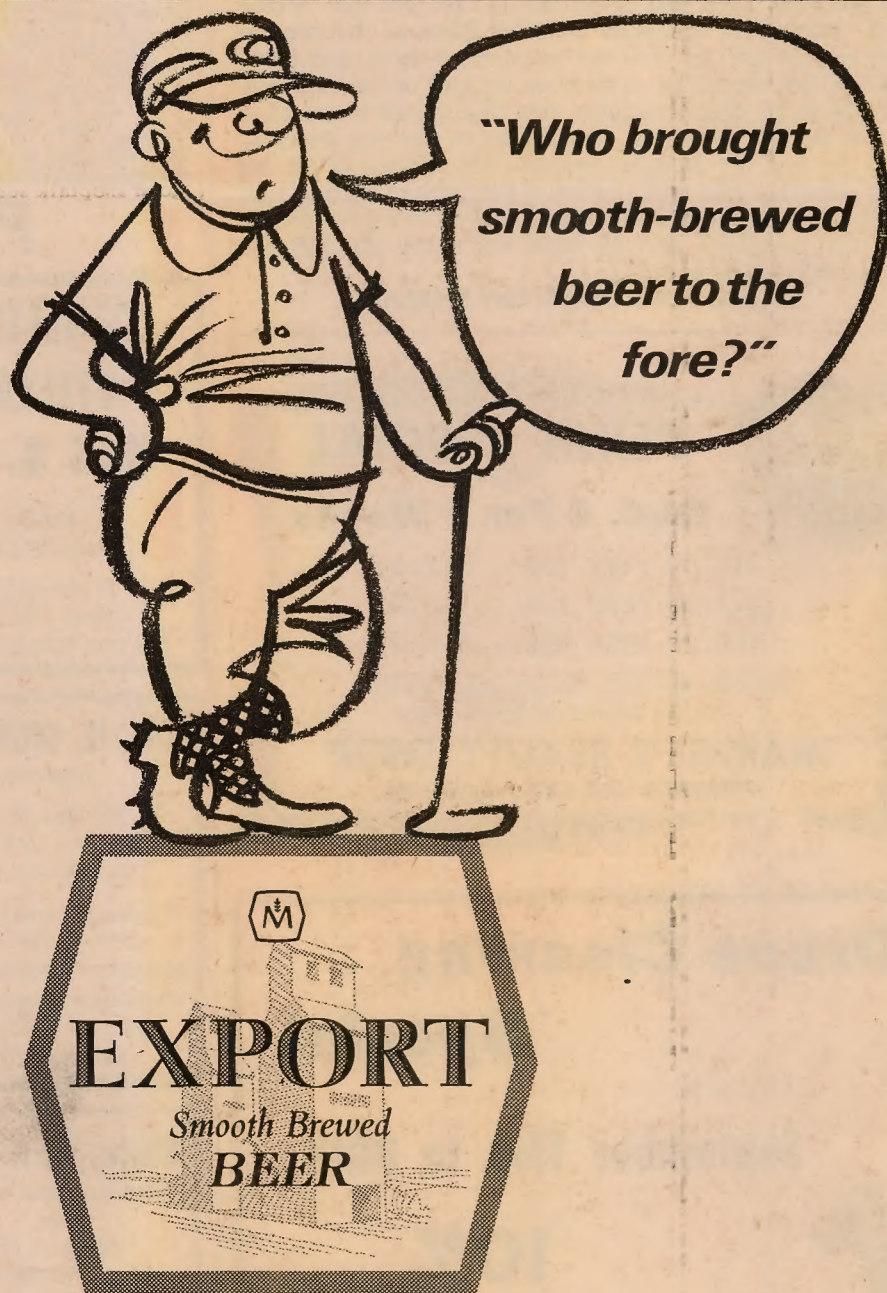

For The Office Of	Term
Councillor	Three Years
Councillor	Three Years
Councillor	Two Years

At the same place, time and date above mentioned, nominations for members of the Board of the Roman Catholic Separate School Board No. 111, Two Trustees, Three Years; Drayton Valley Municipal Hospital District No. 7, One Member, from the Town of Drayton Valley, will be received.

Many skiers find the water start on one ski troublesome. **More Power is required** for a "one ski" start from the water because the skiers weight is now supported by a much smaller surface. If your tow-boat is low in power then forget about the one ski start. Instead, start with two skis and drop one as soon as you are up and away. **Dragging the back foot** is the key to the "one ski" water start. Begin with the same water position as the two ski start except that the free leg is extended down and back. The tow-line should be on the free leg side of the ski, or if you are using double handles, one line should be on each side of the ski. When the boat begins to pull you forward, keep the free leg dragging behind. The surface of the leg from the shin down will provide a measure of support and balance. Be prepared for a strong pull on the arms during this start and don't shift the back foot to the ski until you are up and in good balance.

**Minor
Football
Week**

September 17th to 25th is Minor Football Week in Canada, and the meaning and reason behind it is wonderfully expressed by the joyful enthusiasm of youngsters engaged in games in Drayton Valley. For these young people the thrill of being a part of the game and participating in good clean fun is all they want.

All nine member clubs of the Canadian Football League are playing an important part in development of minor football in their respective areas by assisting in whatever way they can. The dedication, foresight and hard work by thousands of Canadians, with the help of the professional clubs, has made minor football independent and highly successful.

The work of the people involved in the movement is well known to us all--what is often lacking is support of parents in helping to carry out the program. Why not turn out for the next minor league game and possibly lend the club's some support and assistance if required.

ART EXHIBIT

Help the Centennial Fund by attending the Tea and Exhibit of local art to be held in the Elk's Hall on Saturday, September 24th from 2:00 to 5:00 p.m. There will also be a valuable door prize.

**Lutheran Ladies' Aid
Holds Regular Meeting**

Emmaus Lutheran Ladies Aid held its monthly meeting on September 15th with thirteen ladies present.

The evening began with a song followed by a prayer. Lesson No. 14, "What does the Bible say about the Nature of Holy Baptism" was the topic for the evening.

Anne Marie Nickel gave a card report.

Hospital visitors for September are Crystal Dusterhoft, Pearl Getzinger, Elsbeth Hagman and Doreen Liske. Church cleaners are Ruth Gregor and Pearl Getzinger.

It was decided that the book "The Arch" be ordered from the book club.

A mission festival will be held at the church on October 2nd and a light lunch will be served following the afternoon service.

Church cleaners for October will be Elsbeth Hagman and Anne Marie Nickel. Hospital visitors are Eleanor Metzger, Anne Marie Nickel, Katie Reich and Dorothy E. Rendfleisch. Hostesses for the October meeting will be Gladys Von Tattenborn and Jane Zanders. Lunch was served by Mary Schuman and Gladys Schultz at the close of the meeting.

**Lutheran
Broadcast**

The Lutheran Hour, termed the world's most widespread broadcasting operation, begins its 34th season on radio Sunday September 25th as Dr. Oswald Hoffmann emphasizes the theme, "You can do something about it."

Pointing out the changes brought about in medicine, space exploration, warfare, and industry, Dr. Hoffman asks: "What is the church going to do in this emerging world? Is it going to withdraw into a little island of its own as it did 200 years ago?"

The Lutheran Hour each week broadcasts in 40 languages, reaching an estimated 30,000,000 listeners in more than 120 lands. The program is produced by the Lutheran Laymen's League, 140,000 member auxiliary organization of the Lutheran Church--Missouri Synod. It may be heard locally each Sunday morning at 9:00 a.m. on radio CFRR

Really work

D. V. Highlights

BY MRS. EDITH DEBY

Mr. and Mrs. Peter Van Maarion spent the weekend visiting relatives in and around Calgary.

Mr. and Mrs. Walter Krause and Donald have just returned from a week's holiday which took them to Dawson Creek, the Hudson Hope Dam, Barkerville and various places in the Okanagan.

Mrs. Loewen has been appointed librarian for the Elementary School and commenced her duties on Monday. Mrs. Vi Heyland replaces Mrs. Mayhew as secretary-librarian at the Junior High School.

I'm sure we are all looking forward to seeing the art exhibit being shown by the local art club in the Elk's Community Hall next Saturday.

Mr. and Mrs. Henry Kamalah and Mrs. Velma Dool and family of Lacombe, were visitors in the Stan Pajak home on Sunday.

Mr. and Mrs. Moriarity, Krista and Kim, of Calgary, spent the weekend at the home of Mr. and Mrs. Robert Elliott.

Monday saw a number of our young people leave for Edmonton where registration for fall courses began at the University of Alberta. Among those going were: Neil Waugh, Rolf and Fritz DeGeest, Marie Ann McLean, and Glen Hamerlindl.

Autumn means many dif-

ferent things to different people. To us it means a return of the bluejays to the woods beside our house; an influx of school children at the town library with sentences that begin, "Have you something about primitive man, of fossils, or birds, or the Incas or Madame Curie?" Autumn also means that this year's family of pups at Mikulin's farm is looking for permanent homes. These fine little farm dogs are waiting for you to call. 542-2037 is the number.

SCHOOL

Frank Maddock High School
FLASHES

Last week the Scope 66 yearbook arrived at Frank Maddock High School. There was a mad rush of students as they eagerly viewed the activities and memories of last year. Now this year's yearbook staff can start planning Scope 67.

Also last week all the students of F.M.H.S. who were interested in chess gathered together and a chess club was formed. This is the second year that a chess club has been in operation.

Mr. Woods, the principal, last week posted a notice for nominations of the Students Council. With the Students Council formed, school activities will once again commence.

Separate School Board Meeting

The regular meeting of the Board of Trustees of the Drayton Valley Roman Catholic Separate School District No. 11, was held at St. Anthony's School on September 11th. Present were vice-chairman, Mrs. E.A. McGee; Trustees, J.L. Serenas, T.P. Mulgrew and A.J. Telford; Secretary-treasurer, A.E. Andruschak; and J.A. Orieux, Principal.

Mr. Orieux reported on school enrollment and advised that at September 9th, the total figure was 283 pupils, up from 225 as at last June 30th. He also reported that a good number of the increased enrollment was due to the large Grade One class registrations. It was pointed out that due to the increased enrollment additional classroom furniture would be required.

The Grade Nine departmental examination results were reviewed by the trustees. It was noted that the marks were quite good and that all pupils in that grade had passed to grade 10.

Mr. A.E. Andruschak reported that he had met with two district agriculturists from Edson and Stony Plain to discuss the possibilities of carrying out a tree planting project as a centennial program. Both of the representatives from the Department of Agriculture advised that the soil was suitable however that cultivation had to be carried out to prepare the soil for the planting of trees. A motion was approved to carry out the project and to hire the necessary equipment to prepare the soil.

A local group of interested individuals made an investigation on the possibility of renting the school gymnasium for the purpose of playing volleyball and basketball. It was decided that it would be first, to the advantage of those interested to organize and second, to make it necessary for them to hire the school janitor for supervision. The Board indicated that they would be more than pleased to rent out the gymnasium for this purpose if these two items were agreed upon.

A policy for student accident insurance coverage was discussed and a policy from Drayden Insurance and Accounting Limited was accepted by the Board.

A.J. Telford tabled a report on the recent school cen-

tralization meeting he attended at Evansburg. He pointed out that from the briefs he had heard, centralization was favoured generally, but that

a few interested people were against centralization in the event school centralization was made in a different area from which they resided. Mr. Telford concluded that, in his opinion, school centralization was inevitable.

Discussion took place regarding the appointment of a vice-principal and a motion to appoint Mr. R. P. McDonald was later approved.

PUBLIC NOTICE

PUBLIC NOTICE IS HEREBY GIVEN THAT A VOTE OF THE PROPRIETARY ELECTORS OF the town of Drayton Valley will be held on By-Law No. 372 of the said Town of Drayton Valley.

The following is a synopsis of By-Law No. 372:

A by-Law of the Town of Drayton Valley to authorize the Council of the said Town of Drayton Valley to legalize the holding of sports on Sundays and the charging of admission to same.

A copy of this By-Law No. 372 has been posted and will be kept posted in the Town Office and may be inspected at any time during regular office hours.

Polling will take place on Wednesday, the 19th day of October A.D. 1966 between the hours of ten o'clock in the forenoon and seven o'clock in the afternoon at the Town Hall in Drayton Valley in Alberta at street address 5149 - 51st Avenue and legal description Lots 43 & 44, Block 1 Plan 6533 KS in the Townsite of Drayton Valley. I will be in attendance at the Town Hall on Wednesday the 19th day of October A.D. 1966 at eight o'clock in the afternoon to sum up the votes and declare the results.

Given under my hand and the seal of the Corporation this 12th day of September, 1966.

W.G. Johanneson,
Secretary-Treasurer.

fashion news

BY NANCY GAYLORD

FASHION CONSULTANT TO THE 180 SINGER-CENTERS IN CANADA.

Don't Knock Knees . . . Brush 'em; scent 'em; decorate 'em. That's the advice from cosmetic firms who have discovered that the knobby knee needs help. Bright poster colors in liquid make-up suggest butterflies and daisies to paint-on. Leg jewelry includes papier mache thigh bracelets and knee coils in black and white beads. For the adventurous, how about a fancy garter with scarf to match? Your knee wardrobe simply must include several cosy fur knee muffs for the colder months to come. Unfortunately, the male population includes some "purists" (or call them diehards) who prefer the leg "au naturel".

Leather and suede can be cleverly fashioned into garments of classic and enduring beauty. Choose a simple style with few seams, darts and details and no eased seams. Tape pattern to single layer eliminating as many seams as possible. Mark construction details with chalk on wrong side.

1. Stitch with new needle and heavy thread and a longer stitch (8 to 10 stitches per inch).
2. When joining 2 layers in a seam, use paper clips to hold instead of pins (which mark).
3. Glue and hammer flat hem, seam allowances, facings, darts. (Use rubber cement or fabric glue).

To press use warm dry iron over brown paper or pressing cloth.

Here's a Lemon! Now, squeeze it all over your dress . . . Whoops! Wait a minute. You are wearing a "Grapefruit Print" aren't you? Grapefruit prints are the wildest idea ever. You squeeze grapefruit or lemon juice in a design on the fabric and presto! The color changes and there's your very own artwork. Available this fall or winter.

Square? Slouch? I don't mean you . . . I mean your shoes. The "In" words for the latest . . . broad, square toes, slouch and museum heels. Laced, bowed, strapped or tied.

The Scooter Dress . . . to wear biking or scooting around in house or on patio. A one-piece dress with split culotte skirt, U scooped neck and cut-away armholes. Exciting in exotic flowered print or op art effects. Are you a handy seamstress? Then, whip one up with a bonnet to match (sometimes called a Honda hat).

Sad but True. Many examples can be seen of the short, short skirt that are dowdy and downright ugly. Take the example of the waitress wearing a simple white blouse, short tight black skirt with flat shoes. The problem? There is as much blouse as skirt and a half-and-half proportion is simply not pleasing to the eye.

Waistlines must be up, down or not at all when skirts are well above the knee. Skirts should be relaxed and comfortable looking (never tight) to be chic when short.

Direct Distance Dialing Effective at Weekend

Drayton Valley and Lodgepole, along with a large number of other communities in the north-central part of Alberta, were hooked up to the direct distance dialing system (DDD) last weekend.

The local changeover followed that of Edmonton and district which was made recently. First centre in the province to be set up for DDD was Red Deer in April, 1961. It was followed by Lethbridge in December, 1963. Calgary in June, 1964, and Peace

River in May of this year.

Direct Distance Dialing will permit subscribers in this area to make station-to-station calls throughout most of North America without having to dial an operator. For person-to-person calls, collect calls, or calls being charged to another number it will still be necessary to contact an operator.

The atmosphere weighs as much as a layer of water 34 feet deep.

Agricultural Service Board Tour of Demonstration Plots

The weed control tour recently conducted by the County of Camrose is typical of the many tours arranged by the agricultural service boards in Alberta. It is one example of a variety of projects being carried out by these organizations.

Over 65 farmers from the county and surrounding area as well as others interested in weed and brush control on pasture land, grain fields, and

along roadsides participated in the tour. According to W. Lobay, Supervisor of Weed Control with the Alberta Plant Industry Division, many first-hand lessons were learned from demonstration plots throughout the county. All plots were well labelled and set up so that the information could be applied directly to individual farm situations.

The performance of three of the newer herbicides, namely Banvel 3, Buctril M, and Estaprop, used for the control of buckwheat and smartweed in wheat plots provided some impressive results. Green foxtail (wild millet) in oat plots had been almost completely eliminated with TCA. Both Barbne and Avadex had done a good job of controlling wild oats in wheat and barley.

The fertilizer plots, where both granular and liquid fertilizer had been used, also provided a great deal of interest. Larry Williams, district agricultural fieldman, Bill Lobay, and chemical company representatives were all on hand to answer questions.

Mr. Lobay strongly advises farmers to inquire from their district agriculturists and agricultural fieldmen about herbicide and fertilizer demonstration plots in their areas.

SEPTEMBER IS ARTHRITIS MONTH

Arthritis and the rheumatic diseases are everybody's concern -- they are everybody's disease.

More than a million men, women and children in Canada are affected. There are more than 3,000 juvenile arthritics, and three times as many women as men are victims of rheumatoid arthritis.

Arthritis is beginning to yield to a varied research attack. The fight against this major health problem can now be won with your support. Help your Canadian Arthritis Society provide care today and a cure tomorrow.

Watch Tower Services

There will be Watch Tower study Sunday afternoon from 3:00 p.m. to 4:00 p.m. at Kingdom Hall.

Home Bible studies will be held Tuesday evening from 8:00 to 9:00 p.m. at the home of Louis Schmitz, Poplar Ridge and at the home of Mrs. Lucy Wikanders from 8:00 to 9:00 p.m.

Theocratic school and service meeting is held every Thursday evening from 7:30 to 9:30.

Stamps Edge Esks In Cliff-Hanger

The Stampeders came from behind to edge the Eskimos 20-19 in a regular scheduled Pee Wee Football game played at the Lions West Valley Recreation Park last Sunday afternoon. The Eskimos started very early and piled up a comfortable lead by half time but the Stamps came roaring back to tie the game and take the lead late in the game.

Billy Scherger led the Eskimo attack with two touchdowns while Loren Regnier picked up the other Green and Gold major score. For the Stampeders it was Jay Meraw with two touchdowns and Jerry Litke with one major. Meraw converted two of the three T. D. 's the final convert winning the game for the little Red Riders.

The same two teams meet again next Sunday afternoon,

September 25 at 2:00 p.m. The game will be played at the Lions West Valley Recreation Park.

Bantam Wildcats Lose to Calgary

The local Bantam Football team, the Drayton Valley Wildcats, travelled to Calgary last weekend for a game with the Kramer-Chrysler Kats of the Calgary City Bantam Football League. The host team beat the visitors 14-0 on the football field but the Calgarians extended a welcome and a brand of hospitality such as was never before experienced by a Drayton Valley team.

The game was played at the Hillhurst Sunny Side Park at 3:00 p.m. Saturday afternoon. This was followed by an informal banquet, football films and attendance at the Calgary Stampeder-Winnipeg Blue Bomber game that evening.

The Drayton team got off to a rather shaky start and seemed to have difficulty controlling the football early in the game. There were no less than six fumbles in the first half of the play with the Wildcats fumbling five times, however, they were able to recover on four of the five. A key interception by the Calgary team also hurt the Drayton Valley chances of victory.

The Kramer-Chrysler team went over for the first T.D. half way through the second quarter. They kept up a sustained ground attack covering approximately forty yards gaining ground on end sweeps and finally driving through on an off-tackle play for the major score. The convert was good and the home team led 7-0 at half time.

The visitors improved their play steadily as the game progressed and made several determined bids to score in the second half. Once again, however, a fumble and an interception of a key pass halted what looked like excellent scoring opportunities for the Drayton team.

The Kats got another sustained ground attack going late in the third quarter and went over for their second touchdown on a slant play to the left side from about six yards out. The convert was good to close out the scoring at 14-0 in favor of the Calgary team.

Calgary had a decided advantage in the yardage gained department especially with the ground game. The home team had seven first downs and the visitors had five.

For the Drayton team Stefan Hoge was outstanding both on offense and defense.

Don Bouschard carried the football a good deal and Danny Bartlett and Stan Oulton came up with some fine offensive play. Jerry Obst played a strong game in the center of the line going both offensively and defensively.

John Zorn played a sound defensive game making an interception on a long Calgary pass and doing some very effective tackling throughout the game. Ricky Gabrielson turned in his usual rugged performance throwing blocks and tackles all over the place.

It was a good football game played with a great deal of enthusiasm on both sides.

This game, however, was only one phase of a very pleasant weekend spent in the Stampede City.

We wish to extend a vote of appreciation to one and all who made this game and this trip to Calgary possible. A special thanks to Jim Courshane, Don Ingram and the Calgary Bantam Football Association for the opportunity to play in Calgary and for their incomparable hospitality.

A sincere thankyou also to Mr. and Mrs. Merv Ward, Mr. and Mrs. Alfred Bousch-

ard, Mr. Jim McGuigan, Mr. Paul Bradley and Mr. and Mrs. Robert Goubault who accompanied the team and furnished the transportation for the trip.

At this time also we would like to extend a vote of appreciation to Paul Bradley, the head coach of the Drayton Valley Wildcat Football Team and his assistant, Bill Disney, for the excellent work they are doing for and with this team this season.

A Calgary team will play in Drayton Valley on Sunday, October 2nd. In this case the Tuxedo Hilltops will furnish the opposition for the hosting Wildcats.

The Hilltops are favored to win the Alberta championship this year and are rated by experts as one of the top Bantam Football teams in Canada. So the Wildcats have

their work cut out for them. One thing for sure our Tabbies are not picking the soft touches in Bantam football this season. They are coming up against the very best and to them the best of luck.

ATTENDING VARSITY

Alfred Comeau will be taking up residence in St. Joseph's at the University of Alberta. He is taking an engineering course.

Big Changes Ahead For Family Farms

(Eleventh Of A Series)
By WALT McDAYTER

There are some people who tend to write-off farming as an anachronism in this atomic age.

Yet it was not too many years ago that agriculture was the keystone in the foundation of our economy. Wheat was the king staple, and the very prosperity of Canada was dependent on the going rate for a bushel of golden grain.

The relative importance of agriculture, admittedly, has declined. Economists report that it will play an even less significant role in Canada's future, and that our prosperity will be more and more dependent on manufacturing, especially secondary manufacturing, of products suitable for export and sale in the markets of the world.

However, agriculture does still contribute considerably to our national income, as was dramatically illustrated by the series of multi-million dollar sales of wheat to Russia and China. These sales did more than just stuff dollars into the overalls of prairie farmers. They stimulated the whole economy: farm machinery manufacturers benefited, as did railways, grain elevator workers, shipping companies, bankers and brokers!

But perhaps an even more significant consequence of the wheat sales was the boost in Canadian foreign exchange earnings, which improved our balance of payments with the world market. A healthy balance of payments affects everyone. Without it, Canadian dollars have to be devalued and prices on imports have to be increased, which hurts the pocket-book of every Canadian.

The huge wheat sales came at a time when economists were warning of a slump in our rising prosperity, due to a decreased export trade.

Fortunately, dollars flooding in from these grain sales came to the rescue, pumping octane into our economic system, and providing it with increased drive.

Despite these sales, many of Canada's farmers are finding it

impossible to earn a decent living from their land. The number of farms in Canada is dropping annually, and the farm population is dwindling. Farmers have been demanding increased subsidies from Ottawa, but experts believe that higher support prices from the federal government would solve little. A major concern of economists continues to be the "price spread" — the difference between what farmers get for what they raise and what consumers must pay.

The answer, some authorities contend, is in better management of farms. Surveys have shown that many farmers are trying to eke out a living from soil that is infertile, on blocks of land that are too small to be profitable.

The trend has been towards larger farms, and more mechanization. Small farmers, unfortunately, cannot afford the huge capital investment required for automated farming, and are being gradually forced off their land by the competition.

On the prairies, studies are now being made for means to

CANADA'S CENTURY

A news background special on the Centennial of Confederation

increase the productivity of the grain fields. One way being explored is to bring in more water, eliminating vast arid areas. With this in mind, Saskatchewan and Manitoba have been pressing for the diversion of the Columbia and Fraser rivers from British Columbia over the Rockies and onto the prairies, or turning the Athabasca and Peace rivers into the North Saskatchewan, and to channel it into irrigation streams.

Whatever the future of farming, one thing is certain. The age of the family farm, the age which did much to build Canada in the century since Confederation, is inexorably drawing to a close.
